CERTIFICATIONS

Data Analytics Certification | Entri Elevate (in collaboration with Illinois Tech, US) | **February 2026 - September 2026**

- Executed SQL queries to extract, join, and analyze structured datasets from relational databases.
- Performed data cleaning and preprocessing to ensure data quality and consistency.
- Developed interactive dashboards and visual reports using industry-standard visualization tools.
- Analyzed real-world case studies to generate insights and support data-driven recommendations.

SKILLS

Database: SQL (Data Extraction, Joins)

Programming: Python (Data Analysis), Pandas, NumPy

Data Visualization: Power BI (Dashboard Development), Tableau, Matplotlib, Seaborn

Spreadsheets: Excel, Google Sheets (Data Cleaning, Pivot Tables)

Analytics: EDA, Basic Statistics

PROJECTS

Bank Customer Financial Analysis (Mini Project) | [Project Link](#)

Tools: Microsoft Excel, Power BI

- Cleaned and transformed raw bank customer data in Excel by handling missing values, correcting data types, and standardizing formats.
- Performed data transformation including datatype changes and restructuring to prepare data for analysis.
- Built an interactive Power BI dashboard using DAX formulas to analyze customer financial trends and key metrics.

E-Commerce Order Sales Analysis (Main Project) | [Project Link](#)

Tools: Python (Pandas, NumPy, Matplotlib, Seaborn), Power BI

- Cleaned and preprocessed 1,000 e-commerce order records using Python, handling duplicates, missing values, and outliers (IQR method).
- Engineered features (total_amount, order_month, shipping_delay_days) and ran EDA with 10 visualizations to uncover revenue and delivery trends.
- Built two interactive Power BI dashboards with DAX measures (Total Revenue, AOV, Total Orders, Total Customers) for sales and delivery operations.
- Derived insights showing Toys and Home drove the highest revenue, and VIP/Returning customers had a higher average order value than new customers.

EXPERIENCE

Senior Quality Controller | Integra Software Services

- Performed quality checks on e-publishing content to ensure accuracy and consistency.
- Reviewed and validated large volumes of data and content to identify errors.
- Maintained records and tracked quality metrics using Microsoft Excel.
- Improved workflow efficiency through issue analysis and corrections.
